

THANK YOU FOR APPLYING!

We will review your application and get back to you as soon as possible. Please keep in mind that every single person helping at **The Comeback Pack** is a volunteer. Your patience is appreciated.

While we process your application, please review the following FAQs about the adoption process.

1

APPLICATION REVIEW

We will review your application.
This process may take a few days.

2

PHONE CALL

If your application is approved, we will reach out by text to schedule a phone call. This call helps us get to know you better and make sure the dog you're interested in is a good fit for your home and lifestyle.

We may also request a brief video home check.

3

MEET & GREET SCHEDULED

If it feels like a good match, we will coordinate a meet and greet with the foster family and a The Comeback Pack adoption counselor. Most meet and greets occur in Menifee or Murrieta.

We offer one meet and greet to respect our volunteers' time.

4

MEET & GREET

This is your opportunity to meet the dog, ask questions, and see if it's the right fit.

Please note: We do not require your dogs to be present at the meet and greet.

Dogs' first meeting often doesn't tell you how they'll adjust if given proper time, structure, and slow introductions at home.

5

ADOPTION FINALIZED

If you decide to proceed with the adoption, you will **sign the adoption contract and pay the adoption fee.**

You must be able to take your dog home directly from the meet and greet, unless you make arrangements with us **BEFORE** the meet and greet.

*Please note that we **do not "hold" dogs** and they will be available for other adopters until your adoption is finalized.*

WHAT DOES THE ADOPTION FEE INCLUDE?

-  **Spay/Neuter** – (If your puppy is not yet old enough to be fixed, we will make arrangements for you to take your dog to one of our approved vets after adoption.)
-  **Current on all vaccines** – (If your puppy has not yet received all vaccines prior to adoption, we will make arrangements to administer the necessary remaining vaccines. **DO NOT** take your puppy to public spaces until they are fully vaccinated.)
-  **Rabies Vaccine**
-  **Micro-chip**
-  **Martingale collar and a leash** – (Leave the collar and tag on your dog! The martingale prevents a dog from slipping out of their collar. We also recommend you leave the leash on your dog for the first week. This will help you catch the dog if it gets loose.)
